

ONUR ROOF TILE

"New Face of the Roofs"

WE PRODUCE ROOF TILE

The roof tile is one of the most important building blocks of a building. It is applied on each other with a certain riding distance by clamping each other side by side. Thanks to the dual channel water discharge line in the side clamps, professional snow drainage is provided. Roof tiles interlocked with zero error can be fixed with screws and nails through the mounting holes. This provides resistance to large storms. Concrete roof tiles that we produce in various colors add value to your projects.

Onur Roof Tile

Onur Roof Tiles Turkey's most modern is engaged in the production of colored concrete roof tiles a And plants. Our facility meets European standards production.
